

# CRACKERS WITH AUSBARREL

Looking for a delicious, quick snack using what is in your pantry and fridge? Well this could be the answer. Delicious and simple, you'll love it!

Grab some fresh rocket, herbs, chopped and ricotta cheese. Spread the ricotta on a cracker (or other type of biscuit), and place the tomato, rocket, herbs on top, and drizzle some of your favourite AUSBARREL! We love this with AUSBARREL Apple, Orange, Pear, Premium Fig or Premium Raspberry. Sprinkle a little salt over everything as the last step.

Try this also using some fried deli meat, or add some fruit instead! Try what you have available, and be creative.

A sensational, quick snack for any time of the day!
