

SNACK PLATE WITH AUSBARREL

Having a snack plate is just
The. Best. Thing. Ever.
when you have delicious fruit, some
ricotta cheese and some fresh fruit,
cured meats, herbs...

This can be made all year round to
fill both young and not-so-young
tummies who are after something
delicious.

Simply toast some bread
(sourdough is our go-to) and whip
up some ricotta.

Spread some ricotta or other spread
on the bread and top with the
ingredients that you have (figs, kiwi
fruit, fresh currants, blueberries,
blackberries, loganberries,
raspberries, strawberries... the fruits
you can use are endless!). Or cured
meats, or cheese...

And the best part - drizzle over
some of your favourite AUSBARREL -
soooo good!

We love using AUSBARREL Pear,
Premium Fig, Original for these
snacks - but it is your choice!

Alternatively, swirl some chocolate
spread like Nutella through the
ricotta for a sweet kick which
everyone will love. Simple, tasty,
delicious and quick - just what
everyone wants for a snack.
