

# WATERMELON AND BASIL JULEP WITH STICKY BALSAMIC

This sweet, refreshing mocktail is one that will become a firm favourite. Easy to make, and even easier to drink!

## Ingredients:

2 cups cubed watermelon this should make about 1 cup of juice  
4 ounces bourbon  
1 teaspoon Sticky Balsamic Original  
10 fresh basil leaves  
Club soda (optional)

## Method:

Place cubed watermelon into a blender or food processor. Once pureed, strain fresh watermelon juice through a sieve into a drinks shaker filled halfway with ice.

Add remaining ingredients and shake vigorously for 20-30 seconds.

Fill two highball glasses about  $\frac{3}{4}$  of the way with ice.

Strain mixture in drinks shaker into glasses, dividing evenly. Top with club soda and garnish with a watermelon cube and more fresh basil if desired.

So refreshing!
